

DB Schenker **Retail.**

A perfect fit **with your supply chain.**

In retail, profitability depends on being quick to market. You're only as profitable as the items you can sell. In retail, demand can turn on a dime, and success depends on being quick to market. DB Schenker's flexible solutions give you the agility to respond to trends and fluctuations, and get product onto shelves when it needs to be there.

We don't just move your goods; we streamline your complete supply chain. Our retail team designs flexible logistic solutions that let you ship quickly. DB Schenker Logistics Solutions enables you to make changes on the fly, and get items into stores sooner. An extensive network of global transit hubs gets your products from production to final delivery quickly, reliably and cost-efficiently – and gives you the edge you need to succeed in a fiercely competitive market. We offer optimized distribution for rapidly shifting market demands, global sourcing, security and risk management, vendor and inventory management, shipping to emerging markets, buyers consolidations, and GOH specialty services to get your products to the right place at the right time at the right cost – every time.

Retail solutions at a glance

- **The speed you need:** Let us help you optimize your cost to transit time ratio to suit your requirements.

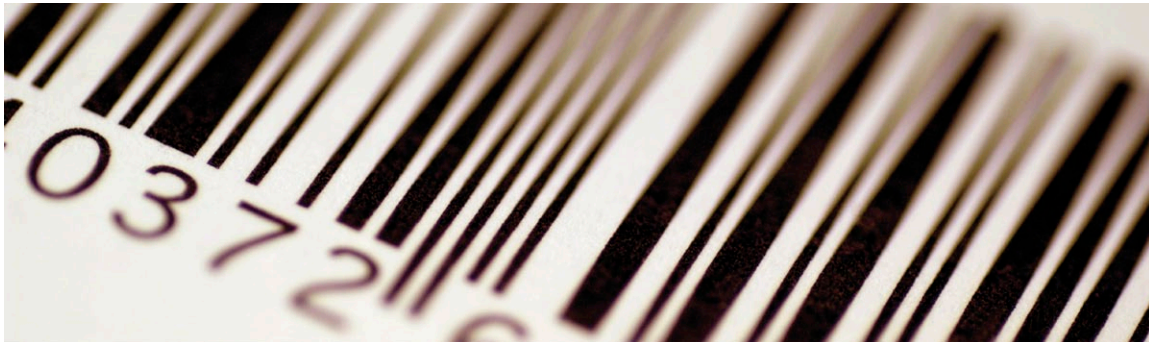

DB SCHENKER**jetcargo** provides you reliability and speed for your airfreight.

DB SCHENKER**ocean** gives you maximum flexibility to the most comprehensive ocean sailing schedules in the world.

DB SCHENKER**skybridge** solutions marry the speed of air with the economy of ocean.
- **Superior Capacity Management:** There is always cargo capacity available to you, even during peak periods. We can accommodate virtually any shipment anytime. Peak scheduling control allows you to meet short sales cycles and navigate supply and demand fluctuations.
- **End-to-end Visibility:** World-class cargo management software lets you command and control your shipments online. Platinum membership in Cargo 2000 and a full menu of EDI options ensure your cargo is always treated with care.
- **Customized Solutions to meet your needs:** Whether it's transportation, customs brokerage and consulting, end-to-end logistics, or oversea expansion, customized solutions will meet your needs and work within your budget.

DB Schenker **Retail.**

Being on trend means **being on time.**

Reach any destination, easily and reliably – our DB Schenker Retail Solutions enable you to meet your requirements.

Unsurpassed contingency solutions that get your products into store faster.

Tailored land, sea and air transportation options let you pick the speed your consumer base demands. Our DC bypass system integrates our system with yours, allowing us to break down containers, scan cartons and ship items without having to visit the distribution center. Plus, our stringent export clearance results in better control, decreased obsolescence and faster speed to market.

Comprehensive multimodal global network transport your goods quickly and affordably.

With over 2,000 locations in 130 countries, DB Schenker offers the most flexible and competitive options in the industry. We have seasoned professionals located in every fashion and production center in the world, including major hubs in Hong Kong and mainland China. We have the expertise to address customs complexities at origin and destination saving time and money. Plus our Transload system unloads smaller ocean containers and packs them into larger trailers for greater efficiency.

Competence Center solutions provide complete control and visibility of every shipment.

Extensive retail experience ensures we can react immediately to your ad hoc distribution needs. We can construct scalable warehouses and distribution facilities complete with robust IT solutions and even provide POs at vendor level. With over sixty VMI implementations worldwide, our PVMI solution is proven to reduce inventory carrying and liability costs while increasing the velocity of customer orders and vendor replenishments.

Our Retail Logistics experts provide specialized value added services.

We have over 35 years providing Garments on Hanger (GOH) services, with a dedicated team of retail experts ready to meet specialty requests with customized services that promote wrinkle-free garments such as our unique foldable box which reduces excessive shipping charges while allowing cost-effective, ready-to display delivery.

Solve your supply chain problems.

We're always ready to deliver. Many of the world's largest global retailers and fashion companies trust DB Schenker when it comes to cost efficiency, regional clearances, timing and logistics. Tell us your logistics challenges, and we'll show you how to solve them.
